

## COMPANY POLICY DOCUMENT

Since 2011 Rotrafer srl decided to assume a Company Policy Document, a brief guideline that leads all staff and management engaged in company everyday life.

Our ecology is in the facts, in every single action we do to practice a real industrial policy turned to whole waste cycle management, that avoid outflow, both in terms of recycling and energy recovering.

### **Our values:**

- **Quality for customers**
- **Safety for workers**
- **Respect for environment**

Three important points where all our activity starts, and only towards the right synergy among these three items we've been able to be a company carried on through 3 generations.

By this way Rotrafer srl decided to assume Quality management system, Environmental management system and Safety management system, committing this to external certification companies.

### **Our aims:**

- **Innovation**
- **Technology**

They're not our destination, but our road, our *modus operandi*.

We composed a team with specialized experts totally dedicated to innovation and technology, to guarantee vanguard and growing of the company in future.

Our prospectives are not to keep growing in dimensions, but in ability, professionalism and innovation.

For the future, as it's been for the past, our aim will be to keep this working approach that distinguished us through all these years and permitted to be appreciated from our various interlocutors and state authorities.
